THE GLASGOW SCHOOL: PARL

Course Specification

Course Code:	Session:
UINS404	2017/18

1. Course Title:	
Studio 4 (SIT) - Essay	

Version	2. Date of Production/ Revision:	Date of Approval:
1.2	20 April 2016	Session 2015/16

3. Level:	
SCQF Level 10	

4. Credits:	
100	

5. Lead School/Board of Studies:	
School of Design	

6. Course Contact: Interior Design Programme Leader (Glasgow) and Programme Director (Singapore)

7. Course Aims:

Stage 4 offers students the opportunity to:

- Self-select and self-generate project learning activities within the specialist Interior Design core of Stage 4.
- Define a field of interest within Interior Design and refine their personal stance.
- Demonstrate the conclusion of self-directed sustained inquiry, establish an individual position that can be defined within a field of Interior Design.
- Demonstrate contextualisation and consideration of pertinent theories to the students' own field of interests that are considered and refined.
- Communicate with, and make formal presentations to, informed and professional level audiences.
- Produce a portfolio of work suitable for use a tool to access professional graduate employment.
- Engage in the preparation and mounting of a Degree Show exhibition of professional standard interior design work.
- Understand the importance of public engagement with diverse audiences including industry professionals.

8. Intended Learning Outcomes of Course:

Knowledge and Understanding

After full participation in and successful completion of this Course, students should be able to demonstrate:

- Specific knowledge relating to the characteristics, terminology and practices of an Interior Design subject specialism.
- An informed understanding of the design process and Interior Design subject specialism developed using a range of research.

An informed knowledge of design contexts for individual, subject specialist, Interior Design.

• Informed understanding of the theories, concepts and principles (including historical, cultural and contextual) associated with Interior Design interests.

Applied Knowledge and Understanding

After full participation in and successful completion of this Course, students should be able to work with:

- Subject specialist processes, materials, practical and technical skills associated with individual Interior Design interests.
- A self-defined subject specialist project of research, exploration and outcomes which reflects individual Interior Design interests.
- A defined, subject specialist, Interior Design context.

Professional Practice: Communication, Presentation, Working with Others

After full participation in and successful completion of this Course, students should be able to:

- Identify, define, conceptualise and analyse individual, subject specialist, Interior Design interests.
- Offer insights and specialist interpretations and solutions to matters raised by individual Interior Design interests.
- Review and consolidate knowledge, skills, the practice and thinking associated with individual, subject specialist Interior Design interests.
- Demonstrate individuality and judgement in dealing with subject specialist Interior Design interests.
- Make formal presentations to informed audiences about specialist Interior Design matters.
- Communicate with professional level peers, senior colleagues and discipline specialists.
- Use a range of digital technologies appropriately to support and enhance specialist work.
- Exercise autonomy and initiative in undertaking self-directed project work.
- Manage time and resources effectively in relation to self-directed project work.
- Continue to take account of health and safety regulations in studio and workshop practice and adhere to safe working practices.
- Work effectively under guidance in a peer relationship with qualified and/or specialist practitioners.
- Work with others in developing a critical position as an individual Interior Design practitioner and contribute to ongoing studio debate.

• Deal with complex subject specialist matters including any ethical or professional issues raised by the discipline.

9. Indicative Content:

A range of set studio and workshop projects and exercises that explore the fundamental characteristics, creative and technical processes associated with the specialist discipline.
