Margaret Macdonald House

Inventory guide to let you know
whats included with your new
home.

19/20
ENTRY

Welcome to your inventory guide.

The accommodation team at the Glasgow School of art aim to make your transition to university as stress-free as possible. We have created a short guide for our students and parents/carers on the equipment and furniture we will provide you with during your time in halls - making it easier for you to decide what you need to bring with you.

If you chose to stay at GSA halls, we will have maps and key points of shopping with and around the city available at reception on arrivals weekend.

Living at GSA.

Once you have read this guide, you can go online to find out more information about the applications process, the site locations and our Resident Assistant programme. Our website has a whole host of information about halls and fresher's week.

Margaret Macdonald House -

With over 100 student bed spaces, Margaret Macdonald House has been in ownership of GSA since 1995. The rooms are spacious with a mixture of ensuite and shared bathroom facilities. We offer ample work space and storage facilities for our students, as well as the basic equipment to get started. Within a 5-minute walking distance of the city centre and to the motorway, the halls of residence are in a fantastic location for picking up any other items you need to settle it and make it your home!

Shared Spaces.

Our kitchens and lounges at Margaret Macdonald House are shared spaces between 4-8 students. We provide all essential equipment for our students to get settled in before their classes.

What will you need to consider buying?

Whilst we provide you with the basics, you will need to consider purchasing items including but not limited to pots, pans, cutlery, crockery, utensils, tea cloths, bedding, linen, TV and soft furnishings.

Residents from Margaret Macdonald House are also able to make use of the wide range of communal rooms at Blythswood House used for events including cinema nights and fitness sessions.
