I am unsure about previous GSA enrolment number, what is this?

You will only have a previous GSA enrolment number if you have studied with us before. If you have never studied with us before, leave this field blank.

What should my statement of intent include?

Your statement of intent should be approximately 500 words in length and should explain your reasons for wishing to join the programme at GSA and provide a critical self-evaluation of your work.

Can my previous institution forward my academic transcripts/degree certificates directly to GSA?

Applicants should send a complete application pack consisting of all required documents, and this should include your Academic Transcripts and Degree Certificates. Where possible, please refrain from documents being sent from a third party. All required documents should be submitted in English.

Who can provide a reference for me and what should it include?

Academic References can be supplied by someone who has known you in an academic capacity, such as an undergraduate tutor, director of studies, or programme leader. Where applicable, references can come from a current or recent employer. Referees should provide a reference on headed paper, giving their opinion on your creative and academic ability and suitability for postgraduate study.
• **My English Language test is scheduled to take place after the deadline for application. Can I submit my application while my IELTS results are pending?**

Yes. You should mark on your application form that your results are pending and state the date your test is due to take place. You should forward a copy of your results as soon as you receive them to admissions@gsa.ac.uk

• **What should my portfolio consist of?**

You can select one of the following two options:

**Image Upload (25 individual images).**
If you have chosen this option you must upload exactly 25 images, no more or less. Maximum size of 200kb per image
Images must be one of the following file types: .gif, .jpg, .png
Before you submit your 25 images, check each image to ensure you are happy with the size and level of detail you can see as this will be what GSA Admissions staff viewing your application will also see.
You will not be able to change your images once you have submitted your 25 images.

**Website link (a drop box or website link)**
If you select this option a box will appear where you can type in a website address or a Dropbox link.
Please check the website or Dropbox link that you supply is correct and ensure that the images available are the images you wish the GSA Admissions staff to consider.
